

# SIGNS OF A GREAT

A great teacher, or an excellent child, is in kindergarten. A great teacher should be able to identify the signs of a child's learning, language, and growth. He or she should be able to look for and identify the signs of a child's learning, language, and growth.

Each child learns differently, so each child is unique. All children, regardless of their background, should be able to learn.

Children learn in many ways, and each child has their own way of learning. Some children learn through playing, while others learn through reading. Teachers should be able to identify the signs of a child's learning, language, and growth. They should be able to look for and identify the signs of a child's learning, language, and growth.
